Welcome to Aselia Con 6!

We're so excited to be back again for our sixth Aselia Con! We're hoping this year will be our best ever with tons of fun activities including panels, cosplay events, video and board gaming, music, guests, art, and of course, TALES!

Of course, time and time again when we ask our returning attendees why they keep coming back they tell us one thing: the people. So thank you all for being such fantastic attendees and making Aselia Con what it is. We couldn't have asked for a nicer group of people to spend our weekend with.

If this is your first time at Aselia Con, welcome! Please feel free to ask a staff member if you have any questions. We're always excited to meet new people. There's a lot going on here and we'd be happy to show you around! If you're an Aselia Con pro, please help us make these first timers feel welcome!

Whether this is your first Aselia Con, or you have been with us since the beginning, we're so glad you're here!

Meet the Staff

The best part about running a small convention is the fact that we get a chance to really get to know our attendees! If you have any questions or concerns, need help with anything, or just want to hang out, feel free to chat with any of us! We'd love to hear from you!

EMIRIN COSPLAY

Emirin is a cosplayer from Montreal, Canada. Her very first cosplay was England from Hetalia: Axis Powers back in 2008, and it was so horrible that there are no existing pictures of it. Since then, she has vowed to only take on characters that really speak to her, and that she is certain about being able to pull off properly. After

taking a break from cosplay in order to study the art, she made a strong comeback in 2015 with Elize Lutus and has been striving to continuously improve her skills. She is particularly well-known among Tales Of fans for her slight obsession with Raine Sage, having gone as far as doing every known costume for the character. Aselia Con 2018 will be Emi's very first guest appearance and she is incredibly excited to meet everyone and make lasting memories!

WOLF AND RABBIT COSPLAY

Wolf and Rabbit is comprised of Faelen and Bani, two sisters from the Central Texas Area. When they're not throwing their money at coffee shops or entering cosplay contests, they can be found playing games from the Tales of Series and

arguing over Nohr VS. Hoshido. Bani has taken charge of wig styling and sewing, while Faelen attempts modern day smithery with Eva Foam. They cosplay anything from classic 90s anime to the latest fandom shows, but their favorite cosplays are from the Tales of Franchise. With a coffee in hand, they are looking forward to meeting everyone at the con, sharing knowledge, and making great memories.

Coloring Table

Need a break to unwind? Relaxation through coloring is all the rage these days. Stop by the coloring table and color a Tales-themed coloring page to take home! We have a variety of coloring tools available, so channel your inner artist (or your inner child) and color as many as you want! All coloring pages have been donated generously by members of Tales of Outlaw.

Find the Wonderchef!

Hiding things is an Aselia Con tradition and we're at it again! This year we've hidden several Wonderchefs around the convention area. If you find one and bring it to the registration table, you'll get a prize! Good luck!

*In loving memory of Travis Cook, Wonderchef.
Member of our Aselia Con family.
We miss you.*
